

Elementary Science

Transition into Common Core State Standards

- For the 2012-2013 school year, Grades K - 5 were required to fully integrate and implement the Language Arts and Mathematics CCSS into the K-5 Science courses.

2012-2013 District Science Pacing Guides

- Grades K - 5 have replaced the Language Arts and Mathematics NGSSS for the CCSS.
- CCSS are aligned to the skills necessary for in-depth content understanding in Science.

Resources

- Elementary School Science Resources are currently aligned to the NGSSS Standards and updated FLDOE course descriptions integrating the Language Arts and Mathematics CCSS.

District Science Assessments for Elementary School

- 2012-2013 Grades 3 and 4 Quarterly Science Benchmark Assessments (QSBA) are aligned to the pacing guides. Items assess at the rigor required by Science course descriptions.
- 2012-2013 Grade 5 Interim Assessment (IA) aligned to the pacing guides and focuses on the 5th Grade Science FCAT 2.0. Items assess at the rigor required by Science course descriptions.
